PROFILE:

ST. MATHEWS SESENIA SCHOOL was started in the year 2007 by its vision bearers Peter and Esther who had been and are still working with Cowalenga C.B.O affiliated with Plan International through which the children of Cowalenga community offered children services such as payment of school fees, training the community on child rights, home based care, drug abuse and peer education among others. In the year 2007, the Government of Kenya announced free primary and Secondary Education and which free education was never to be because the government schools could not accommodate all the children in their institutions and this saw a massive dropout of the secondary going children that depended on Plan following its withdrawal to fund in order to support the government initiative. When Peter and Esther were going round the community, they realized the problem of school dropouts and thought that it was important to have an immediate intervention programme to address the same hence the founding of **ST. MATHEWS SESENIA SCHOOL**.
